

**SYNTHESIS OF POLYMERS BY DIELS-ALDER
CYCLOADDITION REACTIONS.
II: ANTHRACENE AND OTHER DIENES AS PARTNERS**

**MIRCEA GRIGORAȘ, GEORGIANA COLOTIN and
CRISTOFOR I. SIMIONESCU,
full member of the Romanian Academy**

Presented at the session of the Section of Chemical Sciences, October 21, 2003

Cet communication est un continuation d'une article anterieure et il presente la synthese des
composes macromoleculaires par la reaction de cycloadition Diels-Alder utilisons bisdiene comme
sont anthracene, cyclopentadiene, cyclopentadienone et butadiene.
